SOFT SEATING

Sustainable collection of upholstered poufs and modular seats to fit and combine with each other. It allows creating a singular and flexible design with different environments that invite you to feel like at home. We start with a basic pouf of one or two places where you can fit single or double backrests, corner seats or sound absorbing panels: all that provides us a wide range of final models that guarantees the desired flexibility when defining any space.

Upholstered in any of the finishes of our wide catalogue or COM, this series carries wooden interiors with webbing covered with painstakingly finished over flexible polyurethane foam upholstery. PUZZLE is offered with black nylon legs as standard and, optionally, with square metal legs painted in epoxy colors. Our wide range of metal finishes catalogue is aimed to liven up PUZZLE to a new stage of customizing.

Colección sostenible de poufs y butacas modulares tapizados para encajar y combinar entre sí permitiendo la creación de diferentes ambientes que invitan a sentirse como en casa, un diseño único y versátil con múltiples posibilidades. Partimos de un pouf básico de una o dos plazas en el que se pueden encajar respaldos simples o dobles, esquineras o paneles fonoabsorbentes que dan como resultado una amplia gama de modelos finales que permite la flexibilidad para definir cualquier espacio.

Con interiores de madera, encinchado, espuma flexible de poliuretano y enfundado con esmeradas costuras para su tapizado en cualquiera de los acabados de nuestro amplio muestrario o incluso en tapicería aportada por el cliente. Patas en nylon negro de serie y, de forma opcional, con patas metálicas cuadradas pintadas en epoxi de colores a elegir entre la amplia gama de acabados metálicos ofrecida, dando un nuevo toque de personalización a PUZZLE.

COUNTLESS POSSIBILITIES

PUZZLE has a variety of upholstered products such as single or double backrests, corner seats and sound absorbing panels. It offers a wide range of final models, from monochromatic, finished in the same upholstery, to two-color versions. All those upholsteries are combinable with each other. PUZZLE adds accessories such as union pieces for metal legs and flexible metal trays offered in a wide range of epoxy colors to match with the optional metal legs. These trays can serve as easily moved, auxiliary table when put over single or two seats poufs.

La colección PUZZLE cuenta con un sinfín de piezas tapizadas como son los respaldos simples o dobles, las esquineras y los paneles fonoabsorbentes, dando como resultado una amplia colección de modelos finales modulares tapizados en igual o diferente tapicería ofreciendo una visión monocromática o bicolor en su tapizado, siendo todas ellas combinables entre sí. PUZZLE añade accesorios como los herrajes para unir las patas en su opción metálica y bandeja metálica móvil ofertada en una amplia gama de colores de pintura epoxi a elegir a juego con las patas metálicas opcionales, cumpliendo la función de mesa auxiliar o de centro sobre el pouf de una o de dos plazas, deslizable sobre el mismo.

PUZZLE MODULAR COLLECTION

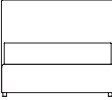

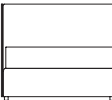

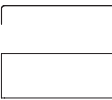

PUZZLE allows creating friendly and open work environments, where formal structures and dynamic spaces form harmonious unions. Its single and double panels with sound-absorbing properties are attached to backrest units creating different private spaces acoustically isolated.

PUZZLE permite crear entornos de trabajo amables y abiertos, donde las estructuras formales y espacios dinámicos se funden creando ambientes armoniosos. Los paneles sencillo y doble para adosar a módulos con respaldo tienen propiedades fonoabsorbentes permitiendo crear diferentes espacios privados aislados acústicamente.

PUZZLE COLLECTION
